Product Catalog

A HISTORY
OF INNOVATION

A close-up photograph of two yellow Eagleware trays. The trays are filled with a yellowish food item, possibly soup or a sauce, topped with green garnishes. The trays are set against a green background.

CUSTOM
SOLUTIONS

A photograph showing a red cutting board with a piece of meat and a red-handled knife. In the background, there is a yellow cutting board and a green cutting board. The text "COLOR CODED" is overlaid on the right side of the image.

COLOR
CODED

A photograph of a large, shiny metal pot on a red surface. The pot is in the foreground, and the background is a solid red color. The text "MADE IN THE U.S.A." is overlaid on the left side of the image.

SMALL DETAILS, BIG INNOVATIONS

Focusing on the number of rivets and specialized alloy in an Eagleware® fry pan; obsessing over a beadless pan rim to eliminate food traps; developing a line of buffetware that has to pass weight and balance tests to ensure ease of service. Creating color-coded hand tools and cutting boards to protect food safety. It's this attention to detail that makes Alegacy a first-choice brand with some of the best-known chefs in the most successful commercial kitchens.

For over 70 years, Alegacy has been providing the ultimate in quality smallwares by listening to our customers and creating custom solutions that improve efficiency and the bottom line. Our manufacturing and quality control are based in Southern California, which gives us the ability to quickly adapt to market needs and ensure Alegacy smallwares deliver exceptional performance and lasting value.

Tastes change. Menus change. Kitchens change. But, the Alegacy dedication to fresh thinking, quality and product innovation endures. We know there's already enough heat in the kitchen, so we sweat the details.

Since 1947, Alegacy has been providing the ultimate in quality professional cookware at extremely competitive pricing. And we've done so while maintaining our core principle, "customer satisfaction is the most important thing we offer."

Whether on our Eagleware® cookware line, proudly made in the U.S.A. at our manufacturing facility, or the extensive array of top-end products we find around the world – everything we offer, across all performance tiers, is constructed to the Alegacy standard of quality and value.

Less evident on the pages of this catalog, but equally important, is how we listen and respond to our customers. From developing products to serve specific needs in busy commercial kitchens to enhancing our offerings based on your input, our goal is to support you in every possible way.

This catalog is a starting point to a long-lasting relationship. We invite you to see how we can solve your kitchen needs. And feel free to reach out to us with any questions or feedback. Remember, this is meant to serve you, just like we have been serving chefs for over seven decades.

Stock Pots & Sauce Pots

Unequaled versatility and durability makes Eagleware® the top choice in commercial kitchens worldwide. The thermally efficient 3004 alloy evenly distributes heat from the source to the rim. The high quality of this prime aluminum alloy, compared to softer 3003 or 1100 alloy material, means greater dent-resistance and durability. And that spells overall savings for you in the long run. The securely riveted handles are nickel/chrome-plated steel, and will be replaced less often than softer aluminum welded/riveted handles. Finally, the uniform satin finish pot with straight sidewalls not only optimizes heat distribution but also eliminates the transfer of food flavors and makes for easy cleanup.

STOCK POTS

Eagleware offers a wide range of stock pots for nearly every cooking application. The 3004 aluminum alloy provides extra dent-resistance to enhance durability and promote maximum thermal efficiency. Thermal conductivity is further boosted by the pots' lustrous satin finish interiors and exteriors. All Eagleware stock pots have extra heavy-duty plated handles and beadless rims which do not trap food particles, making for easy cleanup. All pots are available with .080" (2 mm) thick aluminum covers with formed handles.

SAUCE POTS

Thermal conductivity is paramount when simmering sauces for long periods of time. Eagleware sauce pots’ satin finish interior and exterior and 3004 aluminum alloy ensure even and thorough heat transfer for exactly this purpose. Extra heavy-duty plated handles and beadless rims make using Eagleware sauce pots safe and easy. All pots are available with .080” (2 mm) thick aluminum covers with formed handles.

Professional Aluminum Fry Pans

Eagleware® fry pans come in a variety of finishes and are equipped with high quality non-stick surfaces and EagleGrip™ silicone grips. Their special alloy rivets secure the handle and are designed to resist tough commercial kitchen use, while their superior 3004 dent-resistant aluminum makes them a step above pans made of softer alloys. Available in three finishes: Natural, Teflon® Xtra, and Teflon® Platinum Pro.

TEFLON® XTRA FRY PANS

The pewter-colored Teflon Xtra finish provides the most economical method of non-stick cooking by combining good release characteristics and easy cleanup. Made of 3004 aluminum alloy for dent-resistance and efficient heat transfer, they come with a full satin finished exterior. The stamped steel handle is held securely with three special alloy rivets and has an eye for hanging. All pans come with the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

* Teflon® Xtra and Teflon® Platinum Pro are Chemours registered trademarks for their non-stick surfaces.

TEFLON® PLATINUM PRO FRY PANS

Fast-paced kitchens rely on our Teflon Platinum Pro to deliver results. These high-end, ceramic reinforced non-stick pans provide even temperatures for consistent performance. The stamped steel handle is solidly fastened with three special alloy rivets to hold up against the toughest cooking environment. All pans feature the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

NATURAL ALUMINUM FRY PANS

For durability and value, look to these heavy gauge aluminum fry pans. They are made of dent-resistant 3004 aluminum for efficient heat transfer, and have a full satin finished interior and exterior. The stamped steel handle is held securely with three special alloy rivets and has an eye for hanging. All pans come with the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

EAGLEGrip™ INSULATING GRIPS

The state-of-the-art EagleGrip insulating grip puts cooking comfort, safety, and efficiency in the palm of your hand. The ergonomic design (with thumb stop and under edge ribbing) prevents slippage and promotes safety. Their silicone rubber composition minimizes heat transfer and can withstand temperatures up to approximately 500°F (260°C). When exposed to direct flame they char to white and can be easily wiped away. They are simple to install on existing pans, and are removable for easy soap and water cleanup. EagleGrip insulating grips are sold separately for easy replacement or to complement existing cookware.

PROFESSIONAL ALUMINUM SAUCE PANS

Our well-balanced, natural finish aluminium sauce pans are tailored to meet the needs of every chef. Their combination of tapered sides, rounded corners, flat bottoms, and a highly polished finish foster practicality and ease of use. The large, stamped steel handles are securely attached with three heavy aluminum rivets, plus an eye for hanging and include an EagleGrip insulating grip. They are constructed of .080" (2 mm) and .100" (2 mm) hard sheet aluminum and available in eight nesting sizes.

Professional Aluminum Braziers

Suited for every chef's needs, our variety of best-selling standard braziers or heavy weights will get the job done. All are made from heavy gauge aluminum with smooth, straight side walls, rounded corners, flat bottoms, and a highly polished finish. The low side wall and wide body design provide excellent heat distribution and retention, perfect for long simmering. The handles are four-riveted, extra heavy-duty plated steel that easily carry the load of heavier foods.

STANDARD WEIGHT ALUMINUM BRAZIER

The Eagleware standard weight braziers are perfect for browning meats, simmering or extended cooking times. Available in five nesting sizes and with lids.

PROFESSIONAL ALUMINUM DOUBLE BOILERS

A professional double boiler is essential for preparing delicate sauces and scorch-proof liquids. Our double boilers boast a snug fit that speeds up cooking time while reducing heat loss. The insets and pots have a completely polished finish and are made of heavy gauge .125" (3 mm) aluminum alloy. They are offered in three convenient sizes with a cover. Insets are available as a replacement item.

Bun & Biscuit Pans

All bun pans are not created equal. Ours are at the top of the list, featuring strong wire-reinforced rims and a high quality surface finish aluminum alloy with fully rounded corners for easy release and cleaning. Ideal for baking or display and fits standard bakers' racks. Choose from a wide variety of thicknesses to fit your needs. Also now available in perforated quarter, half and full size pans for special baking applications.

Wire Reinforced Rims

Perforated

BUN & BISCUIT PANS

Aluminum bun and biscuit pans are available in standard sizes (full, half, quarter and eighth). The 20 gauge is .032" (.8 mm) thick aluminum, the 19 gauge is .036" (.9 mm) thickness, the 18 gauge is .040" (1 mm) thickness, and the 16 gauge is .051" (1.3 mm) thickness. Also now available in quarter, half and full size perforated (1/8" diameter, 3.2 mm) pans for air circulation during baking.

EAGLEWARE® PROFESSIONAL
ALUMINUM PIZZA TRAYS

Five varieties with the Eagleware trademark of quality, durability, and versatility. The thickness keeps them sturdy for extensive use and good looks, making them perfect for dining presentation. The “A” and “HA” series are standard sloped rim trays, “FHA” is our flat rim tray, and “HSA” and the “SA” series are continental “coupe” rim trays. They are made of .032” (.8 mm) and .040” (1 mm) (heavy-duty) thick aluminum alloy. The edges are rolled to eliminate the problem of hard-to-clean openings.

Optima® Three Aluminum Cookware

Alegacy is proud to introduce the next evolution in its Optima line of cookware, Optima III. Made of 1100 and 3000 series alloy aluminum, the Optima III line is a great alternative to top of the line Eagleware®. Though slightly softer, Optima III still offers superior durability and dent-resistance compared to lesser alloys at a comparable price. Its three and four-riveted aluminum handles far outlast welded handle competitors. And, the solid aluminum construction produces efficient, evenly distributed heat across the entire cooking surface. A kitchen outfitted with Optima III will have food that cooks more consistently and economical cookware that performs at the highest level.

 All items on this page are part of our economy line offerings, identified by our green e-line icon and matching color-coded chart items.

Optima® and Optima® Two Stainless Steel Cookware

The Optima and Optima II set the standard for quality, economical stainless steel cookware. The Optima line's .8 mm to 1.2 mm thick body is ideal for alternative uses, such as storing prepared foods or cooking highly acidic items that otherwise compromise a lesser grade aluminum. The up to 5 mm aluminum bottom makes for improved heat distribution. Several items are also available with a sandwiched bottom of aluminum and .8 mm 18/0 stainless steel, making them induction ready. For exceptional durability, the 18/8 stainless steel boasts superb corrosion resistance and is built to last in a bustling commercial kitchen. For the economical kitchen operator, Optima II's 21CT material offers a standard level of corrosion resistance at an outstanding price.

STAINLESS STEEL STOCK POTS WITH COVERS

PASTA COOKER

This four section pasta cooker is an incredible time and energy saver. It can hold multiple batches of pasta in the same pot of boiling water, which means no more changing water between dishes. The perforated stainless steel baskets transfer heat well and allow even water flow and easy draining. Insets can be hooked on the side wall of the Eagleware pot for draining and they have the EagleGrip™ insulating grip for comfortable and safe lifting.

Nylon Pastry Bags

Pastry chefs love our nylon pastry bags. Some say it's the feel. Some say it's the pliability. Others say it simply allows them the freedom to turn a creative idea into a delicious dessert.

NYLON PASTRY BAGS

Our most affordable, reusable pastry bag is made of super pliable nylon for exceptional control and feel. This is the best value for light-duty applications and detailing. Simply boil for easy cleaning.

Squeeze Dispensers

Burgers anyone? These high quality, soft and molded, polyethylene squeeze dispensers are available in a variety of colors, sizes, and packs. Plus, the flexible, softer material allows for dispensing maximum amount out of the bottles, creating food savings for you. Firmly attached no-drip spout caps won't pop off, avoiding messy table and counter messes.

LARGE SQUEEZE BOTTLES

These larger polyethylene dispensers are flexible and durable, with a no-drip tip design. The larger size allows heavier use with less refilling. Quality crafted in the U.S.A. at Alegacy's manufacturing facility.

WIDE MOUTH SQUEEZE BOTTLES

Made of the same high quality polyethylene as our other squeeze dispensers, the wide mouth bottles also feature a 2 1/4" opening, large enough for most any spoon. Not only can you squeeze these bottles to the last drop, now you can scrape out any remaining residue too. And they're quality crafted in the U.S.A. at Alegacy's manufacturing facility.

Fast Food Baskets

Alegacy's food baskets are the perfect answer to paper waste in the fast food industry. They also reduce dish use and dishwashing time, substantially cutting costs. Food baskets are available in stiff or flexible construction and are the ideal size for hamburgers and french fries as well as appetizers. They are stackable, microwaveable, and dishwasher safe.

PCPT600

POLYCARBONATE FOOD PANS

Provides an alternate use to standard stainless steel steam table pans. Polycarbonate food pans are durable and withstand from -40°F to 210°F (-40°C to 99°C). They do not react with foods therefore minimizing food acid and oil reactions. Clear pans are marked with capacity measurements, dishwasher safe, and stackable. NSF listed.

Savoir™ Chafers

When presentation is paramount, superior styling and ease of use make Savoir Chafers the top choice. The collection is made of the finest 18/10 stainless steel and polished to a highly mirrored finish, allowing each model to showcase its own superb quality and exquisite design. In full, half, and two sizes of round chafer, Savoir boasts a fanciful brass-trimmed model, and a contemporary flat stainless steel version with European styling. They're as functional and sturdy as they are elegant, built for heavy-duty use in any busy foodservice environment.

Top-Shelf™ Chafers

Our updated collection of Top-Shelf chafers is perfect for customizing your clients' buffet. Our widened variety of pans makes more combinations possible, so your serving options increase. This, of course, makes for happy servers as well as customers. Now your clients can easily expand their menu selections or even serve small groups. Our durable and solidly constructed chafers are as functional and sturdy as they are elegant, built for heavy-duty use in any busy foodservice environment.

The original Six in One® Chafer

Catering is more practical with Alegacy's Six in One. This lightweight portable chafer is versatile, elegant, and ideal for everything from dinner parties to banquets. A combination of optional anti-jamming steam pans allows your customers to customize for any occasion. So whether they are used to serve appetizers or side dishes, the Six in One is the smartest way to go.

Rest-Rite™ Anti-Jamming Steam Table Pans

Alegacy's Rest-Rite steam table pans come in four advertised thicknesses so you can choose the right quality pan at the right price. They are all crafted with the full perimeter anti-jam ridge to prevent pans from jamming during shipment or storage, and also feature reinforced corners for superior shape retention. The 22 and 24 gauge 18/8 stainless steel pans are built to last while the 23 and 25 economy gauge may be just what you need at a great value. All steam table pans are NSF listed.

Anti-Jamming Steam Table Pans

Alegacy steam table pans feature anti-jamming, 22 and 24 standard gauge design, and re-engineered, stronger corners, allowing finger space between pans for quick removal. Also, the anti-jamming, reinforced corner design increases heating efficiency and lengthens safe holding times by an improved fit in the well. Also available in 23 and 25 economy gauge design.

 Economy line offerings are identified by our green e-line icon and matching color-coded chart items.

Steam Table Pans

These 18/8 stainless steel steam table pans are tight-fitting, so steam can't escape, lengthening safe holding times. Their reinforced edges prevent the corners from bending, they fit better in the well, and can easily be moved from freezer to oven without re-panning. Available in 22 and 24 gauge stainless steel. A variety of accessories and covers are also available. Alegacy steam table pans are NSF listed.

Strainers

Strainers get tossed around more than any other utensils in the kitchen. With this in mind, our quality Italian-made designs are built to withstand the abuse and survive for years, which means savings for you in the long run. Alegacy's strainers are made with metal wire mesh, reinforced wire rims, and double fire tin dipped for the highest level of corrosion protection. Flat handles and pan hooks make these strainers practical and easy to use, and a great value in every commercial kitchen.

9091

STRAINER – SINGLE MESH

The pan hook and flat-bottom handle balance the strainer over a pan for hands-free operation. They are full bath tinned after fabrication, plus clear lacquered handles. Available in fine or medium mesh.

HEAVY-DUTY ALUMINUM COLANDER

The heavier weight of this colander handles more like a pot: strong, solid, and durable. With the stand-alone base the colander can be placed over the drain for a hands-free rinsing. Riveted handles and rounded edges make this even stronger. Both colanders have 3/16" holes.

Can Openers

Alegacy is pleased to present an extensive and expanded line of can openers for every chefs' needs. From table punch type for large size cans to hand-held openers, we offer a wide variety to suit your use and your budget. Our newest line Easy Turn™ is available in our premium quality, heavy-duty U.S.A.-made openers, as well as an imported economy offering, for budget-minded customers.

Table Models

Ideal for extra-large cans, these can openers are made with a sturdy, cast iron body and handle. The knife and gears are heat-treated and reversible. A full line of replacement parts is also available.

ALEGACY CAN OPENER

These table models with plated steel base plate open up to gallon size cans. Both models are available with a long bar and all parts are available for replacement.

 Economy line offerings are identified by our green e-line icon and matching color-coded chart items.

Ice Cream Dishers

Our two lines of ice cream dishers look very similar but are built differently to accommodate your needs. The economy line is sturdy and cost-effective, while the premium line is long lasting, paying off in the long run.

 Economy line offerings are identified by our green e-line icon and matching color-coded chart items.

ICE CREAM/FOOD DISHERS

Sizes are indicated by handle color and stamped on the bowl knife blade for easy portion control. Disher is stainless steel with all metal parts and meets U.S. government standards. Individually boxed.

ColorCode System Cutting Boards

The tough task of safe food preparation is simple with the ColorCode System that takes the risk out of cross-contamination. The boards are color-coded by food group. They're non-absorbent and won't harbor food-borne bacteria. The non-skid surface won't dull knives, chip, crack, peel or warp. They're dishwasher safe and contamination can be further reduced with our matching knives. Custom cut boards are also available.

POLYETHYLENE CUTTING BOARD

ColorCode cutting boards are the ultimate defense in the prevention of cross-contamination. Exceptionally durable and essential for safe food preparation. The high-density polyethylene is dishwasher safe. Made in the U.S.A. See next page for white boards.

ColorCode System Knives

Each knife is designated to a specific food group providing the absolute best protection against cross-contamination. Use them with their matching ColorCode cutting boards, tongs and spatulas for a safe food prep environment.

COOK'S KNIFE

ColorCode handles correspond to their specific food group to avoid cross-contamination: use blue for cooked foods, green for fruits and vegetables, red for meat, tan for fish and seafood, white for dairy products, and yellow for poultry. Blades are made from rigid molybdenum stainless steel.

COMBINATION STONE

Made from aluminum oxide, this is unlike any artificial stone in speed of cutting, long life, and smoothness of resulting edge on tool.

ITEM	IN	CM	PACK
5621	6 x 2 x 1	15.2 x 5.1 x 2.5	1
5821	8 x 2 x 1	20.3 x 5.1 x 2.5	1

SHARPENING STONE

Finest quality silicon carbide stones for general sharpening of edges on hand tools and cutlery.

ITEM	IN	CM	PACK
821CH	8 x 2 x 1	20.3 x 5.1 x 2.5	1

SHARPENING STONE OIL

Free flowing with plenty of body to float the particles of steel removed from the edge in honing, thus preventing glazing.

ITEM	CAN SIZE	PACK
XB1	4 1/2 fl oz (.13 L)	1
XB5	1 pint (.47 L)	1
XB2	1 quart (.95 L)	1

ALEGACY KNIFE SHARPENER

This precision instrument is faster and surer than an oilstone. The guide adjusts knife blade to abrasive wheel at the proper angle while the synchronized action of blade and wheel eliminates wavy and jagged edges. Replacement stones and parts are available.

ITEM	DESCRIPTION	IN	CM	PACK
800KS	Unit	5 x 3 x 4 3/4	12.7 x 7.6 x 12.1	1
800HR	Head/800KS			1
800RS	Stone/800KS			1

SHARPENING STONE

This extra large stone has a coarse side for fast sharpening and a fine side for a finished edge.

STONE DIMENSIONS				
ITEM	DESCRIPTION	IN	CM	PACK
1121	Refill Stone	11 1/2 x 2 1/2 x 1	29.2 x 6.4 x 2.5	1

SHARPENING STONE WITH HANDLE

Silicon carbide abrasive, coarse and fine, vitrified. The coarse side brings a dull trimming knife to an edge quickly, while the fine side produces a perfect edge for cutting leather or rubber.

LENGTH			
ITEM	IN	CM	PACK
1475H	15	38.1	1

TRIPLE STONE (SHARPENING STONE)

Furnished in a durable plastic case with three stones-coarse, medium, and fine. Ideal for all straight edge tools and its full size permits a full sweeping stroke. Stones are reversible and immersed in oil when not in use.

GRILL SCREEN HOLDER

Use this metal holder to protect your hands and provide even pressure on the grill. The clamp action holds the grill screen securely and permits easy changing.

ITEM		IN		CM		PACK
3300		5 x 3		12.7 x 7.6		12

GRILL CLEANER SCREEN

Strong, flexible mesh is covered on both sides with sharp, abrasive grains. Use them to quickly cut away even the most stubborn burned spots. They are easy to use: just pour a little grease on the warm grill, hold the screen down on the grill with the holder to protect your hand, and rub briskly, but lightly. Wipe with a clean cloth to see your grill sparkle once again.

Portion Control Scales

Accuracy, durability, and versatility carry equal weight with all Alegacy portion control scales. A consistent, dependable reading will ensure the most efficient preparation. Scales range from an 1/8 ounce sensitivity all the way up to a 200 pound capacity, to provide the solutions your food preparation requires.

PORTION CONTROL SCALES

All models have a 6" (15.2 cm) dial face with a shatterproof lens, adjusting knob, and temperature compensated mechanisms. Choose a body finish of stainless steel or enamel. Base dimension is 7 1/4 x 5 1/4 x 7 1/2" (18.4 x 13.3 x 19 cm), platforms measure 5 3/4 x 5 3/4 (14.6 x 14.6 cm) or 5 3/4 x 7 7/8" (14.6 x 20 cm) for 25 lb (55.1 kg) models.

Professional Aluminum Pizza Trays & Screens

Pizza trays get thrown around, dropped, abused, and scrubbed and still need to be strong enough to use again and again, in addition to maintaining a presentable appearance. Our high quality, dependable, thick, aluminum alloy pizza pans and screens come in a variety of sizes. Choose from our own Eagleware® pizza pans, made in the U.S.A., or our quality imported pizza screens. They're both a great choice for any level of operation.

Eagleware Professional Aluminum Pizza Trays

"A" and "HA" series are standard rim trays. "SA" and "HSA" series are continental "coupe" rim trays. "FHA" are heavy-duty flat rim trays. All pans are made of .032" (.8 mm) and .040" (1 mm) (heavyweight) thick 3004 aluminum alloy. The edges are rolled for no hard-to-clean openings.

Insulated Pitchers

Swirl pattern coffee servers keep beverages hot or cold for hours. Each pitcher can be customized for easy identification with orange tabs for decaf, brown for regular, and green for tea. The BPA-free polypropylene liner is durable and stain resistant, and the porcelain-look exterior is made of impact-resistant ABS plastic for durability. Also available with a built-in thermometer for temperature control.

INSULATED PITCHERS – TWIST CAP

Porcelain looking pitchers are available in white or black. Tea/Decaf/Regular tab indicators are included.

EASY GUIDE FOR USING THE ALEGACY CATALOG

All of our products are grouped into one of eleven chapters. In some cases certain products may appear in more than one chapter based on multiple use or foodservice application. Each of our products is shown with relevant specifications. All product dimensions are approximate and may vary. Also, product availability may change without notice. The "Pack" reference for each item is per each and refers to the inner carton, or the convenient order quantity, as applicable. The actual selling unit of measure is stated in our price list. We hope this index helps you reference the depth and breadth of the Alegacy product line. Thank you, again.
